

Protective hose set for optical sensors with fiber optic cable LLK. The set offers an optional protection against mechanical influences and protects the fiber-optic cable from moisture.

Technical Data

Type	KSL 1-2
Art.-No.	9863A
Usable with	LLK 2 (2 m)
Ambient temperature	-45 °C bis +100 °C
Protection class	IP 67
Consisting of :	
1,85 m cable protection hose	KSS OR 3/8"
Material inside / outside	galvanised steel/ PVC black
Diameter inside / outside	12,6 mm / 17,8 mm
Bending radius static / dynamic	60 mm / 85 mm
2 x Adapter	HG6
Material	stainless steel
Size	60 mm x Ø 25 mm
Thread	1/2" inside to M20 x 1,5 inside
O ring	Ø 20 mm NBR
2 x cable protection conduit gland	KVS M20 A
Material	nickel-plated brass
sealing ring	Ø 17 mm NBR
Clamp ring material	PA
Size	36 mm
Thread	M20 x1,5 outside

Assembly: see mounting instruction BA_KSLe
